

The National Furnishing Group

The Association of Dedicated "Independent" Carpet Retailers

Your Assurance of Good Value

Now that you know more about carpets your next step is to see and feel the qualities in person, and nowhere will you find better advice and individual assistance than from an independent carpet shop.

SMG The National Furnishing Group represents over 350 independent carpet shops throughout the UK all of them "owner drivers". This means that each SMG member enjoys the buying power of a national group enabling you to benefit from the most competitive carpet prices in the market.

But, in negotiating the keenest prices for you, it does not mean that individual service and expert advice are compromised. As all SMG members run their own established businesses they pride themselves on sound advice and courteous service. SMG The National Furnishing Group takes its responsibilities to you seriously and it upholds the guarantees and code of practice laid down by the Carpet Council, an industry-wide association which is charged with maintaining the highest standards of product and consumer satisfaction.
